PUBLIC COMMENT

Mario Fiorucci, Sugar Notch, provided comment on Police Regionalism citing example from Princeton County, MD. He recommended the Board investigate this program and possibly utilized Princeton County as a model for Municipalities in Luzerne County.

Commissioner Skrepenak responded the Board has engaged a study through the Luzerne County Municipal Cooperation Commission and should have the recommendations by year's end. Commissioner Urban added that the structure of government in Maryland is different than in Pennsylvania and funding sources would have to be addressed to avoid shortfall.

Richard Gere and Charles Prohaska, Harvey's Lake, provided comment and questioned why their rural route addresses have not been updated for the Luzerne County 911 database.

Director Alan Pugh said 70 percent of the borough is still using Rural Route addresses or pole numbers. Luzerne County 911 has been using phone records to supplement its database. Pugh said it was the responsibility of the borough to initiate an addressing system and borough officials were in the process of compiling information.
