ACKNOWLEDGEMENT

Funding for this publication is provided by the Pennsylvania Department of Environmental Protection, Kathleen McGinty, Secretary and the Luzerne County Commissioners, Gregory A. Skrepenak, Chairman, Todd A. Vonderheid, and Stephen A. Urban.

INTRODUCTION

The Luzerne County Solid Waste Management Department (LCSWMD) has assembled this guide in a continuing effort to promote recycling. This guide is designed to aid the commercial sector as to where various materials can be recycled. The information in this guide is based solely on information supplied by the recyclers at the time the guide was compiled. Every attempt has been made to verify the information contained in this guide. The LCSWMD does not assume responsibility for or guarantee the accuracy of the information provided.

Alternative recyclers may be available and the listing of recyclers in this guide does not constitute any endorsement on the part of the LCSWMD.

It is suggested, that before any material is shipped to these recyclers, that the generator/hauler contact the listed recycler to verify pricing, hours of operation, specifications, acceptability, and any other concerns between the guide user and the recycler listed.

HOW TO USE

This guide is divided into three sections:

1. A handy alphabetical index of the materials listed for recycling, so that the guide user can check at a glance for a general category and refer to the page listed. The index is within the table of contents.
2. A listing of the materials listed in the index with the name(s) of the recyclers that process the related materials.
3. An alphabetical listing of the recyclers included in the guide. This listing includes the recycler's name, address, and the telephone number.

Printed on recycled paper.

ANTIFREEZE
