Visit Coaching Service

PROGRAM DESCRIPTION

Luzerne County Children and Youth Services is proposing to contract out the provision of Visit Coaching for children and youth who are placed in out of home care and whose families cannot visit without supervisory services. The visit coaching services will supplement other supervised visitation services provided by LCCYS on a daily basis.

The program will ensure that the parent takes ownership of their family time and will help the parent identify and meet the children's needs. The program will help the parent plan how to keep extraneous issues outside of the visit and from getting in the way of the parent giving full attention to their child.

SCOPE OF SERVICES OFFERED

Information below is from the Visit Manual "Visit Coaching – Building on Family Strengths to Meet Children's Needs", Marty Beyer, Ph.D., New York City's Administration for Children's Services, 2004.

Visit Coaching includes:

- Encouraging parents to prepare for their children's feelings and behaviors in visits.
- Helping parents take charge of their family's visits and plan specifically how they will meet the children's needs.
- Appreciating parents' strengths in responding to each of their children.
- Assisting parents in coping with their feelings in order to (a) visit consistently (b) keep their anger and sadness from undermining happy visits with their children.
- Supporting a shared view of each child's needs and communication to facilitate co-parenting between parent and foster parent/kin.
- Assist the parent(s) with (if the case warrants it) money management, budgeting, grocery shopping, nutrition, household care, hygiene and medical care of children and self.

The program visitation model is different than traditional supervised visits. The Visit Coach will meet with the parents 15-30 minutes before each visit to review the child's needs that should, or will be met during family time and for the parents to learn to practice skills before the next visit. The Visit Coach functions as an active participant during family time by supporting the parents during the family time. Post-visit time supports parents so they are emotionally able to return to the next family time.

POPULATION TO BE SERVED

The program is specifically designed to reach families who are working toward reunification. The case goal must be for the child(ren) to return home.

REFERRAL PROCEDURE

Referrals will be made at the discretion of the LCCYS Caseworker and Supervisor. The program will utilize the referral form developed by the provider. Within one week of receiving the written referral a staffing date will be scheduled to discuss the case. The staffing will include the county caseworker and supervisor and the Visitation Coach and/or supervisor.

SUPERVISOR/STAFF RATIO

The Visitation Supervisor should be a Master's level Social Worker or possess a Master's degree in a related field. The supervisor will be responsible for supervising five full-time Bachelor level Social Workers.

CASE DOCUMENTATION

After each visit, the Visit Coach staff shall provide the agency with written documentation of the visit. Case notes must include goals worked on, progress made and areas of continued need. The documentation will be e-mailed to the caseworker, supervisor and liaison within 72 hours after the visit. The Visit Coach will consult weekly with the LCCYS referring worker and/or supervisor regarding open cases. These contacts will be documented in the monthly report. The program staff will report immediately any missed and/or cancelled visits.

CONSULTATION WITH LCCYS

The Visit Coach will function as an active member of the social work team and it is expected that they attend court reviews and treatment team meetings. The program model emphasizes a strong relationship between the CYS worker and the Visit Coach staff. Regular contact is expected.

LOCATION OF SERVICE PROVISION

It is preferred that visit coaching occur within the family home or a community based home specifically obtained for the purpose of conducting visitation (a visitation house). If that is not possible, visit coaching can occur at various locations in the community, within the placement setting, or within the residence of kin identified by the family.

AVAILABILITY TO FAMILIES

The visit coach will work a flexible schedule determined by the needs of the family rather than a standard work schedule. The provider will submit in writing to LCCYS a plan outlining how staff will meet availability requirements during non-traditional work hours, including nights and weekends. A cell phone number will be provided to families for contact with their visit coach. When a visit is canceled it will be the responsibility of the coach to notify all parties. The visit coach will provide transportation to the children and/or parents as needed.

LENGTH OF INTERVENTION

The average length of service provision will be twelve weeks. The maximum length of the intervention is not to exceed sixteen weeks.

DISCHARGE PLANNING

Upon program completion (12 week minimum and 16 week maximum), a comprehensive program report will be prepared by the Visit Coach and shared with all concerned parties. A workable plan must be in place to enable the family to continue to experience positive interactions with their child(ren) after the service ends.

PERSONNEL QUALIFICATIONS

Staff providing visit coaching services will possess a minimum of a Bachelor's degree. Staff must have a working knowledge of child development and be well-educated in child welfare issues, including how the following impact the child:

- Separation and loss / placement
- Drug and Alcohol issues
- Trauma
- Domestic Violence
- Physical, sexual and emotional abuse
- Mental health issues

Staff must possess a valid Pennsylvania Driver's License, liability insurance, and child car seats/boosters as they will be expected to provide transportation as needed.

All staff will possess a Pennsylvania Child Abuse clearance and must undergo a Pennsylvania and FBI criminal records check at time of employment.

All staff must be trained in Visit Coaching.
