

*The citizens of Luzerne County have both the right and responsibility to participate in all phases of County government and, united by a common desire for truth, accountability, and openness, we the people of Luzerne County enact this Charter.*

*This declaration asserts that those who serve a role in our County government undertake a contract of public trust, integrity, professionalism, and respect for the welfare and equality of all residents.*

*In the spirit of efficient progress and to prevent abuse of power, this Charter establishes separations of executive and legislative powers, ethics policies, checks on increases in real estate tax revenues, term limits, public initiative and referendum, viable management oversight, and elected legislators to ensure fair and just representation.*

*We, the people of Luzerne County, agree to uphold and enforce the principles embodied in this Charter with the full force of law.*
