Dear All,

Shock those you serve, just this once and answer us regarding the LSA loan, backed by our tax dollars, robbing the ENTIRE county of 75 MILLION DOLLARS: are you going to propose replacing all 120+ miles of county roads or are you going to rob most of the county for the benefit of one community with one bridge?

I'd like to know if one of you eleven council members actually have the guts to publicly address your plans?

Why don't you start 2023 off on the right foot? It would be my suggestion that you start doing what is right for the residents of Luzerne County.
