My name is Tammy Rittenhouse. I reside in Ross Township. I have sent emails complete with photos about the deteriorating and dangerous county owned roads out here and their condition. I would like to know how I can obtain the structural rating for the Nanticoke Bridge. 54.9 Million dollars could fix all of our roads in the county but instead it is going to one bridge. There is another exit for Nanticoke close by. No business would be lost by closing the bridge because Weis, the Liquor Store, a bank, gas stations, post office, and various other businesses are there at that end of Nanticoke. Someone is going to get killed or seriously hurt on our dangerous roads out here. Broadway Road, Bloomingdale Road, and Main Road Sweet Valley are a big concern. The last storm we had caused so much runoff that we had 3 sections of Broadway Road covered in thick ice with potholes. 1 section ended up being temporarily closed. I think that the money for the bridge should be used to repair our dangerous roads to keep the entire county safe.
