After the recent cold snap on a Sun morning the Huntsville Rd Ext half the road is ice. Who do you call to bring this to the county's attention?

Tried calling the county, there was no answer. The only thing to do was to leave a message. The Township doesn't answer but they do not fix a county road. County is well aware of this area no drainage for years they have icing here for years. Turned down both bids last year for drained repair due to lack of funding.

Called 911. Response: I'll try to get in touch with them.

There needs to be someone on call 24/7 during the winter and a truck all ready to go. Also a direct number you can call not having to go through 911.

We must put safety first!

Laura Pinero, FORLC
Wyoming
