The allegation of Charter violation against Councilman Urban as Board of Elections' chair is on the agenda tonight. The year 2021 is only two months old, and for the sake of the public interest and also of economy of Council's time, this meeting should deal with *all* fresh allegations or evidence of council members engaged in any activity--especially remunerated activity--in violation of either or both the County Charter or of Pennsylvania Code.

Which other council members are alleged to be or are documented as violating either since the beginning of 2021?

Thank you,

Hilary Palencar  
Larksville
