**RECOMMENDATION:** We are recommending approval for NPC for Ballot Printing & Mail House Services for Luzerne County for a 1-year period, 3/1/2023 through 3/1/2024.

**SUMMARY:** Luzerne County issued a request for proposal for ballot printing & mail house services. We received three proposals and conducted an interview for the Bureau's top choice. The Bureau also interviewed NPC's references and received fantastic feedback. NPC is the top choice for Luzerne County because they are compatible with Dominion Voting Systems as well as the Agilis ballot sorting system. Ten Pennsylvania counties use NPC. NPC is located in Pennsylvania, approximately 2 and a half hours from the Election Bureau. Fort Orange Press was the Bureau's previous mail house service vendor.
