Next meeting question. 25 million has been sent of opoiod settlement funding. Big pharma had been sued by many parents who had never seen dime of that. As a mom who lost her daughter to this. And seen first hand the major harm caused my incarcerated PWUD on simple drug paraphernalia charges which results in many deaths. It needs to change! The funds were sent for Prevention and treatment not for policing or causing more harm. Those funds need to be allocated properly. Not a new jail that is definitely not what they are meant for. Or another cornoner. New cars. Etc. Exactly how many people lost their life in jail ? How many are in there on simple charges which mess their lives up perm. ? How many overdosed right after leaving there? It's unacceptable. Withdrawals inside those walls as well. Huge difference between a drug cartel and one with SUD/mental health issues. And prison is not the answer. You would think by now with all the lawsuits Luz county has with this it would stop. It is not a detox center. Or rehabilitation center or mental health. Stop the harmful effects of people suffering already. Stop thinking it's okay to use funds for more harmful results. Get it right . Or send the money back to where it came from. PREV and treatment only !!!! Thank you !

Opioid settlement funding is being used for ? Also, the suicides at LCCF don't you think county should provide MAT in prison and avoid deaths and lawsuits ?
