

DRAFT Letter

Executive Director

Luzerne County Authority

Dear Sir,

This letter is to congratulate your organization on being awarded a County grant from ARPA funds. The County Council is looking forward to reviewing the many projects that were awarded grants.

With the awarding of the grants, the Council requests that your organization provide a _____ fee for your Rate Payers. This will be a benefit to many of the citizens of the county that are struggling with increasing costs and rising inflation.

The Grant Award will provide funding for many of your scheduled Capital Projects. Those projects can now be completed with Grant Funding instead of revenue generated through fees.

Please present this request at your next scheduled Board Meeting. The Council looks forward to your assistance in providing your Rate Payers some relief.

Again, Good Luck with your projects.

Sincerely,

Luzerne County Council
