I would like to voice my objections to the changes to the Charter and the voting procedure council appears to be considering :

1) Change in the size of the Council

I think this would be an affront to the voters of the County. Such action would result in a reduction of representation of the citizens which was one of the reasons the Charter expanded the size of the Council in the first place.

2) Appointment of the Chair of the Board of Elections

Frankly, this appears to be:

- 1) a power grab by the members of the council
- 2) it adds veracity to "The Big Lie".

Whether Council members are willing to admit it publicly or not, each one cannot help but be aware of the lies concerning that election, that have been perpetrated upon the voters.

Truth is truth. The facts support the truth. And the "facts" clearly and undeniably indicate that the 2020 election was both free and fair. Behaving in a manner that suggests that there is any doubt concerning those facts is demeaning to the members of the Council and the constituents they represent.

Thank You for your attention and consideration,
Andrea Glod
