

(DRAFT – NOT FOR RELEASE OR PUBLICATION)

(Executive Director)

\_\_\_\_\_ Authority

Dear \_\_\_\_\_,

Congratulations on being awarded a \$\_\_\_\_\_ ARPA grant from Luzerne County. County Council is looking forward to the successful completion of your project. The ARPA grant will provide funding for many of your essential capital projects which can now be completed with grant funding instead of revenue generated through fees.

Council respectfully requests that your organization provide a discounted fee or rebate for your ratepayers which will benefit many county residents that are struggling with the increasing cost of living due to rising inflation.

Please present this request to your board at your next scheduled meeting. County Council looks forward to your assistance in providing your ratepayers with some financial relief. Best of luck with your projects and we appreciate your consideration.

Sincerely,

Luzerne County Council
