## Voting Session

### PUBLIC COMMENT NON-AGENDA ITEM

#### Council

Can we look into getting an "auto reply" on County email addresses? example [lccmpc@luzernecounty.org](mailto:lccmpc@luzernecounty.org)

Example of auto responder "Your email has been received"

When we email Council or individual email address the public have no way of knowing if an email is received. As a taxpayer and a knowledgeable person on emails and websites this should be a very easy set up as well as a no cost item to your constituents, can we add this to the proper agenda ?

Thank You  
Elizabeth Hartman
