Dear County Council:

I would like to submit the following multi-faceted question to be considered, read out loud, and submitted to the record during your next meeting on August 23rd, 2022. I would very much appreciate detailed answers to my questions, also submitted for the record. Luzerne County residents are respectfully fed up with excuses, and sure need movement on this road repair issue, and you are responsible for that movement. As a reminder, I live in Sweet Valley, and drive over 2 of the WORST maintained Luzerne County Roads twice daily- Sweet Valley Main Rd and Hillside Road.

My question-

What, IN DETAIL, is council doing to expedite repairs to the county roads so liability is reduced, roads are passable, and businesses can operate safely and unimpeded. Can council give a blanket authorization to release funds up to a certain amount, say \$600,000 or less, and get imminent danger zones paved/repared to our satisfaction BEFORE winter?? First priority on the council's agenda EACH meeting should be progress of road repair, until all roads are repaired- Period!- Can you make this change immediately?

I await the completion of this request. Thank You-
Carol Rosser
Sweet Valley, Ross Twp PA
