

2020 Budget Amendment to include Grant Awarded for \$88,541 –

Narrative:

The District Attorney's Office was awarded a grant to deliver Drug Recognition Expert (DRE) training and/or Advanced Roadside Impaired Driving Enforcement (ARIDE) classes to our law enforcement officers throughout Luzerne County. With DUI cases amounting to approximately one-third of our caseload and an increase in drug related incidents, it is imperative we continue to provide quality trainings so our officers are better able to identify drug impairment and respond appropriately. This grant covers all expenses, so it will not cost the County any money to provide said trainings.
