We are the Betz family and reside on East County Road, Hollenback Township.
This is one of the worst roads I have ever seen in my life. A short piece of it was paved earlier this year, however, the remainder of the road is not fit to drive.

For those who don't know, this road was last paved over 30 YEARS AGO. It is not safe for school buses, fire trucks, ambulances and our daily use is destroying our vehicles. 30 years. We can not wait another year. A newly paved road is good for 10 years. I think we have waited long enough.

I challenge all members on the Luzerne County council to bring your private vehicle out and drive this road, not a County Vehicle, but your private vehicle.
