Luzerne County Council's consideration of Second Amendment Sanctuary Ordinances

Second Amendment Sanctuary Ordinances or SASO's are being supported and pushed by the organization Gun Owners of America (GOA) as pure and simple fear mongering. GOA are inciting a particular element of gun owners by using "they are coming for your guns" to enrage and instill anger.

Local government has no place in diverting from the rule of law established in state and federal courts. In choosing to do so, it could expose taxpayers to unnecessary financial liabilities if the ordinance is challenged in court.

I oppose any SASO or Resolutions.

In Peace,

Claudia J Glennan
