- Line Item Decrease	-						
- Line Item Decrease	-						
Total						0	<i>(Must equal 0)</i>

Explanation (Attach memo if necessary)

Due to the age of our steam lines, there is a faulty control valve and low water cut-off that needs to be repaired for this heating season. An increase in repairs is necessary since several pieces of equipment have unexpectedly failed and need to be repaired and/or replaced. Due to the mild winter we have funds available for transfer from our gas account, while leaving sufficient funds for the upcoming season.
