RESOLUTION: "DOMESTIC VIOLENCE AWARENESS"

RESOLUTION: "ADOPTION AWARENESS MONTH IN LUZERNE COUNTY"

RESOLUTION: "U.S. CENSUS – 2010"

PUBLIC COMMENT:

Richard Peterson

Responsible Contract Agreement--Mr. Peterson represents free enterprise shop owners in Northeast Pennsylvania. He believes that the Responsible Contract Agreement favors labor unions. 80% of shop owners are non-union. He encouraged the Commissioners to vote against this agreement. He is asking for a level playing field between Union and non-union shops.

James Solano

James is an independent shop owner who believes that the Agreement furthers the "Culture of Corruption" in the County. This document decreases competition and will increase labor costs in the County.

Wil Toole

Mr. Toole believes the sale of the Valley Crest facility should not be handled by a Realtor, but by the County. He expressed his approval of the Prison Board in looking at Home Confinement and believes that this policy will reduce population of the prison and save money. He was not happy with the \$2M it cost the county to cash in a CD and believes that this money should be recovered because an asset was simply "CASHED IN".

Michael Kwashnik

Michael wants the Responsible Contract Agreement adopted. He represents 400 Electricians who live and work in Luzerne County. Mr. Kwashnik believes that by accepting the agreement it puts local people to work and keeps money in the county.

Apprenticeship Programs are encouraged and most electricians have 5 years and 8,000 hours of training. You are getting qualified people on the job and are paying for certified people and not just a worker from a "temp" agency. Mr. Kwashnik believes that Project Labor Agreements bring the cost down.

Ira Weinstock

Mr. Weinstock is a Labor Lawyer in Luzerne County for over 40 years. He reported that President Obama issued an Executive Order in February 2009 supporting Project/Labor Agreements. Mr. Weinstock believes that these agreements protect labor costs, provide skilled laborers and assures construction to be un-interrupted and supports passage of this agreement.

Jeremy Moderwell

Jeremy stated that it is a good idea to support labor agreements. Unions have existing drug testing programs and educated workers all ready to get to the job. He believes that the agreement keeps residents working and gives money back to the local community.

Bob Judd

Mr. Judd owns an electrical contracting company in Hazleton which employees 55 people who have gone through training and are very competent and local to his business. 90% of his work is done in Luzerne County with money remaining here. He advocates the adoption of a Responsible Contract Agreement.

Reason for Refund: Double Assessed

It was moved by Commissioner Urban, seconded by Commissioner Petrilla
“AYES” PETRILLA, SKREPENAK, URBAN

MOTION

Luzerne County Energy Efficiency and Conservation Strategy Plan Development Project

Request a Motion to Authorize the proper officials to award the Luzerne County Energy Efficiency and Conservation Strategy plan development project to _____ in the amount of _____. This project is Activity No. 1 to be completed using 100% federal funding provided by the 2009 ARRA Program, through the United States Department of Energy.

Joe Gibbons stated that this was a new initiative in which the consultants were having a hard time understanding what is actually required from the Department of Energy. He stated that there were four consultants who submitted responses to the RFP. He stated that he would be bringing them in for technical proposals. Commissioner Urban questioned when the deadline was for this project. Joe Gibbons responded that it is 120 days from when it was awarded. Mr. Gibbons stated the grant was awarded in the middle of September which would put the timeframe at the beginning of the New Year. Mr. Gibbons asked that this item be removed from the agenda.

Request a motion to table:

It was moved by Commissioner Urban, seconded by Commissioner Petrilla
“AYES” PETRILLA, SKREPENAK, URBAN

MOTION

Ratify Amendment of Sales Agreement

Request a Motion to Ratify the amendment of the Sales Agreement (with addendum) for 30 North Franklin Street, Wilkes-Barre, PA (Springbrook Water Building) with Y.Judd Shoval, 24 South River Street, Wilkes-Barre, PA 18702. The amendment extends the testing due diligence period until October 23, 2009.

It was moved by Commissioner Urban, seconded by Commissioner Petrilla
“AYES” PETRILLA, SKREPENAK, URBAN

MOTION

Adopt the Luzerne County’s Responsible Contractor Agreement

Request a Motion to Adopt the Luzerne County’s Responsible Contractor Agreement for inclusion into all construction and renovation projects with an engineer’s estimate of value greater than \$25,000. The responsible contractor agreement shall replace all previously approved versions of agreement and shall be subject to approval by the Luzerne County Solicitor and Luzerne County Engineer.

Commissioner Urban stated over the last five years the commissioners have made an effort to put together contracting policies and to follow the state law to the best of their ability. Commissioner Urban stated that this agreement would lock out people from coming to Luzerne County to do business and to keep it growing. Without this agreement in place there is nothing stating that union contractors cannot bid on these jobs. Commissioner Urban questioned if this agreement would really drive up the cost of doing business in the county or will it shut out the county to other workers and create an image that Luzerne County is not open to business. Commissioner Urban stated that he could not support this agreement. He stated that he believed there is currently a level playing field with the current contracting laws in place. He stated that the county did not need an agreement that limited the contractors to do work in Luzerne County.

It was moved by Commissioner Skrepenak, seconded by Commissioner Petrilla
“AYES” PETRILLA, SKREPENAK “NAY” URBAN

MOTION

Risk Management Services

Request a Motion of the Luzerne County Board of Commissioners authorizing DGK Insurance and Financial Services, P.O. Box 337, Factoryville, PA as Risk Management Services consultant for Luzerne County for the period beginning October 1, 2009 and ending December 31, 2010; costs for this period are \$30,000.

It was moved by Commissioner Urban, seconded by Commissioner Petrilla
“AYES” PETRILLA, SKREPENAK, URBAN

MOTION

EMA Hazardous Materials Emergency Planning & Training (HMEP) Fund Grant

Request a Motion of the Luzerne County Board of Commissioners to approve the application for a grant under the Hazardous Materials Planning & Training Fund Grant and to authorize the appropriate officials to execute all documents relative to this application and subsequent award. This is a new application for State Fiscal Year 2009-2010. It is an 80/20 match grant program and can be used for Hazardous Materials planning and training.

It was moved by Commissioner Urban, seconded by Commissioner Petrilla
“AYES” PETRILLA, SKREPENAK, URBAN

MOTION

9-1-1 CAD -Reject all RFP Submissions

Request a Motion to reject all RFP submissions for 9-1-1 CAD.

It was moved by Commissioner Urban, seconded by Commissioner Petrilla
“AYES” PETRILLA, SKREPENAK, URBAN

MOTION

9-1-1 CAD – Rescind Motion

Request a Motion to rescind the September 2009 Motion to go off the agenda and re-release an RFP for 9-1-1 CAD.

Commissioner Skrepenak questioned why they were rescinding the re-releasing of the RFP for the CAD System. Vito DeLuca stated that when the award was granted by the Commissioners off of the state contract the RFP should have been rejected at that point. Commissioner Skrepenak questioned if the maintenance price would remain the same. Fred Rosencrans from 911 stated under PEMA guidelines the hardware and maintenance must be purchased separately each year. Mr. Rosencrans stated that the first year of the maintenance agreement would be free. He stated that they would need to negotiate a price for the remaining four years. Mr. Rosencrans stated that they couldn't re-release the RFP's because it was awarded to Tri Tech a month earlier. Mr. Rosencrans stated that the current CAD System is very unstable and they could not risk delaying this any longer. He stated that the maintenance services they were offering were not out of line with the other vendors.

It was moved by Commissioner Urban, seconded by Commissioner Petrilla
“AYES” PETRILLA, SKREPENAK, URBAN

It was moved by Commissioner Urban, seconded by Commissioner Petrilla
“AYES” PETRILLA, SKREPENAK, URBAN

MOTION

Request a Motion to approve the rezoning application of Northeastern Pa., Carton Inc., Michael Collins, 4820 Birney Ave., Moosic, Pa., for property at 620 Foote Ave., Duryea Borough, from a Two Family Residence District to a Heavy Industrial District, to operate a manufacturing business (folding cartons) in an existing building. The Luzerne County Planning Commission is recommending approval of this application.

Adrian Merolli asked permission to open the record for the public hearing portion of the re-zoning.

Public Comment:

Frank Hoegan, Esq. stated he was speaking on behalf of his client Ms. Green who is the owner of a neighboring property. He stated that the application you are being asked to consider represents a fundamental change in the current zoning of the parcel that Mr. Collins would like to acquire. Ms. Green does not object to the proposed use but objects to the method of change of zoning. Your zoning code permits Mr. Collins to ask for a use variance, which would allow him to operate this business in a manner consistent with the zoning code. However the change of the zoning designation to a N3 district is so fundamental that if Mr. Collins were to sell the property to a heavy industry this could impact the fundamental nature of this neighborhood. Yesterday I sent a memorandum to the commissioners for preparation of today's hearing. If you turn to the exhibits that are attached there is littler doubt about the nature of this neighborhood being primarily residential. There are other members here from the neighborhood to confirm this is a residential neighborhood. Mr. Collins proposed use to light manufacturing and warehousing is not something that we have an issue with. We think you should consider or ask Mr. Collins to apply for a use variance and not change to N3, which is heavy industrial and permits a number of uses that is so in contrast with residential neighborhood that it's too extreme.

Ms. Green stated our concerns are that while we would like to have Mr. Collins as a neighbor, and we think the building should be occupied for obvious reasons we're concerned of heavy industrial or nighttime operations. We have fifteen units in that building and we have invested a great deal of money and time in the last ten years improving the building. We have great tenants. We never have a problem with our building. I am very careful to whom I rent and I take an active role in the renting of the building. I'm concerned particularly with the tenants on the side of the building adjacent to the old TP Industry building. If it is dusty or if there is heavy traffic our tenants are going to leave and it will impact us greatly. We have invested in Duryea, we like Duryea, it's a great town. We spent two months looking around the neighborhood for that building. We would like the neighborhood to retain its character of residential. The neighborhood is very modest, well kept, and the people are nice. I know they had to fight the prior ownership of the building to clean up the air; unfortunately the woman who led that fight is ill and unable to be here today. TP Industry has been a good neighbor to us and we would like to see the building occupied. Thank you for listening.

Joseph Neutts stated he lived at 605 Foote Avenue, which is directly across from the property. I ask you to not approve this re-zoning. TP Corp was there previously. The way their loading dock is set up it's directly across from my property. Tractor trailers would constantly be pulling up on the sidewalks damaging my property. As well as dust and noise from the operation. I'm concerned about Mr. Collins's insistence on getting this re-zoned. As was stated already to continue manufacturing in this business there is a use variance but he's worried about getting it re-zoned for future sales. I asked what the use of the property would be and was told he wants to use it for warehousing his products, warehousing operations, and to lease office space and other warehousing operations. I asked him at the Planning Meeting if he would have any restrictions on what would go in the building like maybe hazardous materials. He stated that he didn't know. I asked him if he would limit operations to a dayshift operation during normal business hours. He stated he didn't know if it would expand to a shift operation. I'm concerned at having someone over there running three shifts or someone who leases a building to be there at three in the

morning unloading tractor trailers. I know the borough is concerned with getting new businesses in and employing people. Mr. Collins was asked how many people he would employ and he stated maybe one. He stated that he didn't know if or when he could expand operations in the future. So while the borough may be concerned about employment, the way I see it there is not going to be any major employment of local people anytime in the future. From what went on and the questions I asked Mr. Collins I have formed the opinion that he doesn't want to expand his business. I think he is looking for future sales and maybe he's buying the building to look for a profit or possibly he has plans for a development he hasn't brought out yet which could ruin the character of the entire neighborhood and be detrimental. That is why I am asking you to not make the zoning change. I'm worried if he does sell the property what will happen and what I will have to live with it. I can have a mining operation across from my home.

Mayor Moss from Duryea stated that NEPA Carton Co had come to Duryea Borough Council to approve this building. Mr. Moss stated that Duryea Borough Council recommended that the commissioners approve this motion.

Commissioner Skrepnak asked Adrian Merolli from the Planning Commission to review this planning and zoning rule and why they are recommending this to be re-zoned.

Adrian Merolli stated that they heard similar testimony. It was a tough decision. What it came down to were a couple of things. Right now there is a M3 Zone, heavy industrial, on Foote Avenue and it is vacant. There is the potential for someone to come in there and build under those regulations, and this would be very close to Mr. Neutts house as well. Secondly, the TP Corp has been a manufacturing use in that building for a long time, many decades. As we look around in the community these types of structures tend to be prone to deteriorate pretty quickly. As you see in the City of Wilkes Barre, with the Murray Complex and other parcels, they are subject to vandalism, windows out, and fires, which are a real detriment to the neighborhood. So we thought leaving the building vacant would actually damage some of the neighborhood more than putting someone in there. We had discussed with Mr. Collins the possible use variance, but it is his right to choose which zoning procedure to use. He did state to the Commission that if all this didn't work out in the future and he wanted to sell, it would be very hard to sell because again they would be in the same position Mr. Collins is in. So based upon the reasons I have stated the Commission did vote to recommend the re-zoning.

It was moved by Commissioner Urban, seconded by Commissioner Petrilla
“AYES” PETRILLA, SKREPENAK, URBAN

Mr. Merolli thanked the commissioners and asked for permission to close the record. Commissioner Petrilla granted permission.

PURCHASING DEPARTMENT: FRANK A. PUGLIESE, JR., DIRECTOR
