Is it possible for us to schedule a Code Review Meeting for June 11 beginning at 4:30 pm?

I would hope that it is a day and time when all of us could be present and also personnel from the Human Services Division to clarify some of the questions that arose in our last meeting.

If so, please reply all to this email so that the Clerk can advertise the meeting.

All,

I was just informed that I will have to work at least until 6pm tonight. I can call in for the committee meeting though and participate via phone. I hope that is ok with everyone.

Sharon - can you get me a call in number?

Once again, sorry for the late notice.

Matt

Hello All,

I have asked Sharon to advertise our Act 13 Committee Meeting Scheduled for next Monday, June 3, 2019 @ 5 pm. Hopefully we can adjust the Act 13 procedures already in place in order to create a plan for distribution of the funds budgeted for wood boring infestation.

Best regards,

Jane
