

## **Area Agency on Aging Active Adult Centers Offering Flu Vaccinations**

Flu season is quickly approaching and for many getting the flu can cause a host of flu-related complications; especially those over age 65 and those who have certain medical conditions . One of the best ways to prevent the flu is by getting vaccinated. (Please note that it is best to consult your doctor prior to receiving the vaccination especially if you have questions regarding whether or not the flu shot is right for you.) If you are interested in receiving a flu vaccination, they will be available fo those 60+ years of age at the Area Agency on Aging Active Adult Centers in October for Luzerne and Wyoming Counties. Anyone interested must contact the center to pre-register prior to the clinic date to see if you are eligible for the program.
