Thank you for including the question and for arranging the posting of the audio.

Please also ask the candidates specifically if they have common residence with any Council member, the Manager, and/or Division Heads, unless such information is volunteered as part of the "relationship" answer.

Mr. McGinley,

I will not be able to attend Tuesday's interviews as I am away on a long-planned family vacation.

If possible, I would appreciate it if the interviews can be recorded and posted so that I may listen to the audio prior to next week's planned vote.

Additionally, I will appreciate it if the candidates are asked to disclose any personal connections they may have to any Council members, the Manager, or any Division heads - including business, blood or relationships through marriage, long- standing friendships, or other relevant connections.

Thanks-

Linda Houck

Mr. McGinley,

Do you have any more information on this from LCTA? There is a report in today's news with remarks from Mr. Gavlick regarding the name change.

I would be interested to know if "unofficially" changing the business name of the authority would have any impact on how it receives funding, and why the name change is not being done as an official action.

Thanks-

Ms. Houck,

I was totally unaware of this announcement until 10 AM yesterday morning.

I believe that a name change for a Luzerne County Authority would require action by the Council.

We will pursue this request.

Mr. McGinley,

Today's news announces that the LCTA will be changing its name to the NEPTA. Yet, the Articles of Incorporation from the founding the LCTA indicate that its name is the Luzerne County Transportation Authority.

Does the LCTA board or administration have the "authority" to change its own name, or will this be brought to Council for a vote, as an amendment to the LCTA articles of incorporation that is suggested or recommended by the LCTA Board?

I would appreciate it if you would direct this question appropriately and provide an answer.

Thanks -
