> Hi,

> My name is Matt Petrillo and I'm a reporter for WNEP. I'm hoping to talk to the mayor Thursday morning after 10:30 about how public safety in the borough has been since its police force has been eliminated. Can you please let me know what time she will be available or if there's anyone else I should talk to?

>

> Also, can you please tell me the number of reported incidents that happened in Laflin during the month of January for every year from 2004-2014?
