

KEEP INFORMED BOTH AT HOME AND ON THE GO

Your local public safety agencies rely on Swift911™ to give you reliable and fast information. These can include:

- ✓ Public Safety Alerts
- ✓ Emergency Notices and Instructions
- ✓ Important Local Notices

You can subscribe (or *unsubscribe*) to specific alert types.

Your information is always kept private and confidential shared only with the participating municipality

HOW WILL I RECEIVE THESE ALERTS?

Alerts or notifications from your local agencies will be sent by one or more of the following:

- A **voice** call to your home and/or mobile numbers
- A **text** message to your mobile phone
- An **email** to one or more addresses
- Residents using the **Swift911™ Public** mobile app will receive **push notifications**.

- You can view/listen to past alerts
- It helps to keep you and your family safe and informed

SWIFT911™ PUBLIC SMARTPHONE APP

The **FREE** mobile app is available for Android, Apple (IOS) and Windows phones. Register through the app or login (*if you have already registered*).

The app uses GPS location services – if you are in an area where an emergency alert is activated you can receive the information (*even if you are not subscribed to that location's list*).

Receiving push notifications makes it even easier to know what you need when you need it.
