Hi Lisa,

Thank you for your request.

Please be advised that The records in the Recorder of Deeds Office are all public records and are publically accessible through electronic means at [www.landex.com](http://www.landex.com). The only information that might not be available would be the complete address. A recorded deed does not always contain a complete address for the property so that is not information the Recorders' Office has. Address information may be available through the online website used for Assessment Records.

Thank you,  
Laura Dennis, Esq.  
Open Records Officer  
Luzerne County Office of Law
