Subject: Motion to amend the 2014 Budget to provide an additional secretary in the office of the Public Defender

Council,

I intend to offer the following motion at the Dec. 10, 2013 council meeting:

"Motion to amend the proposed 2014 Budget to create a full-time Public Defender secretarial position (Department 4152) and decrease a comparable position of the Central Court/Magistrate District Justices (Department 4186)".

It is my understanding that the comparable position of the Central Court/Magistrate District Justices is currently vacant. The change does not increase or decrease overall expenses.

The actual line items of the proposed budget that are affected are described in the one-page, undated, document that was emailed to the council on December 6, 2013 with the agenda and other documents related to the December 10 meeting.

Rick Williams
