**Subject:** Re: Supporting documentation for Agenda Items

Mrs. Sorokas,

The subject of the email that we received indicated that it was the agenda only.

The documents will be sent in a separate email, probably this evening.  
Mrs. Lawrence was waiting for some documents from the executive branch to complete the packet and number the pages correspondingly.

Thanks-

Linda Houck

Mr. Haas,

I will leave it to the solicitor as to whether the litigation potential should be discussed in the 5:30 executive session. If not, you are welcome to add it to the work session agenda at the beginning of the session, since the deadline for printed agenda items passed yesterday.

Thanks-

Linda Houck.

Are you interested in serving as the Council members on the committee to review grant applications for use of recreational money? Please let me know, as Carol would like to have all the ducks in a row on this.

Thanks -

Linda Houck

**Subject:** Possible heavy rain

Madam Chair:

Please advise me as to who is the person in charge if we receive the predicted rain amounts? What mitigation plan is now in effect.

Thank you

Edd Brominski
