PREAMBLE

The Administrative Code was adopted by Erie County Council on July 5, 1978 pursuant to the mandate of Article XI, Section 12, of the Home Rule Charter for the County of Erie, Pennsylvania, (adopted by the citizens of Erie County on November 2, 1976). County Council readopts the Administrative Code ordinance every four years so that necessary changes may be made as County Government evolves from the original 1978 model.

The Administrative Code was intended by County Council to be consistent with the Home Rule Charter and to make adequate and specific provisions pertaining to the operations of County government. The matters addressed in the Administrative Code are set forth in the Table of Contents.

Although the Administrative Code will be useful to all persons involved and concerned in County Government, it is more than a guideline. It is an ordinance adopted by County Council and, therefore, is law. It can be amended, but must always be in force so long as required by Article XI, Section 12, of the Home Rule Charter for Erie County, Pennsylvania.

A. Contractor for County

The County Executive or his or her designee, the County Purchasing Agent, shall contract for and purchase or rent all materials, supplies, furnishings, equipment, or other personal property, insurance coverage, and services by independent contractors required by the County of Erie and its departments, offices, boards, commissions, agencies, and Court-related departments.

The Purchasing Department shall provide custody of fidelity bonds of officers and employees, except his or her own which shall be in the custody of the County Executive.

B. Requisitions

1. The County Purchasing Agent shall be responsible for the general operation and administration of the purchasing program for the County of Erie.

2. Each department, office, board, commission, agency, or Court-related department of the County of Erie which requires materials, supplies, furnishings, equipment, or other personal property, insurance coverage, or services by independent contractors shall submit a requisition to the County Purchasing Agent, describing the type and quantity of goods or services required.

3. All purchases or rentals shall be channeled through the County Purchasing Agent, and no County department, office, board, commission, agency, or Court-related department is authorized to contract directly for the purchase or rental of such goods or services.

C. Form of Contracts

1. All contracts for the purchase or rental of materials, supplies, furnishings, equipment, or other personal property, insurance coverage, and services by independent contractors, where the amount thereof exceeds the sum of Ten Thousand (\$10,000) Dollars, shall be in writing, signed by the parties thereto, and filed in the office of the Director of Finance.

2. All contracts for the purchase or rental of materials, supplies, furnishings, equipment, or other personal property, insurance coverage, and services by independent contractors, where the amount thereof is Ten Thousand (\$10,000) Dollars or less, may be by note or memorandum, and the Purchase Order and Acknowledgment, if any, shall be filed in the Office of the Director of Finance.

3. Contracts for routine purchases, such as office and maintenance supplies and services that will not meet the bid criteria, may utilize open purchase orders. Open or blanket purchase orders may not be used to purchase any item that will be assigned an inventory tag, such as office and computer equipment and furniture. Requisitions for open purchase orders must be submitted annually by departments.

D. Formal Competitive Bid Procedure

1. All contracts for the purchase or rental of materials, supplies, furnishings, equipment, or other personal property, insurance coverage, and services by independent contractors, where the amount thereof exceeds the sum of Ten Thousand (\$10,000) Dollars, shall be made with the lowest responsible bidder meeting specifications after advertising for bids, except as otherwise hereinafter specified. The County of Erie, however, shall have the right to reject any and all bids and to waive defects in form with respect to such contracts.

2. Contracts for purchases or rentals in an amount in excess of Ten Thousand (\$10,000) Dollars shall be advertised for bids by the County Purchasing Agent in one newspaper of general circulation, published or circulated in the County of Erie, at least two (2) times at intervals of not less than three days. The first advertisement shall be published not less than seven (7) days prior to the date fixed for the opening of bids.

3. The County Purchasing Agent, in advertising for bids, shall have discretion to request bids on an item-by-item basis and/or on a total package basis in order to obtain the most favorable bid proposals for the County of Erie.

4. All bids shall be received by the Controller of Erie County in sealed envelopes. These bids shall be opened in public in the presence of the Controller or his or her designee at the time and place stated in the advertisement for bids. The County Purchasing Agent and the Controller shall keep a record of all bids received and the awards made thereon.

5. The acceptance of bids received by advertising hereunder shall be made within 60 days of the bid opening. All bidders shall be informed of the bid results by letter or phone. The County may request vendors to extend the time period that prices will be honored.

6. In the event that the contract is awarded to a bidder who did not submit the lowest bid, or in the event that all bids are rejected, the County Executive or his or her designee shall set forth in writing the reasons for such action at the time of the award or rejection. This writing shall be filed in the Office of the County Purchasing Agent.

7. In the event of a tie low bid meeting specifications in which the low bidders are responsible, the County Executive or his or her designee shall award the contract to the low bidder who resides in the County of Erie, but if more than one such low bidder resides in the County of Erie, the County Executive or his or her designee shall offer to split the contract evenly between the low bidders residing in the County of Erie. If the low bidders residing in the County of Erie cannot agree to split the contract evenly, the County Executive or his or her designee shall use his or her discretion to award the contract to the most responsible low bidder and shall set forth in writing the reasons for such action at the time of the award. This writing shall be filed in the Office of the County Purchasing Agent.

8. Except for the purchase of insurance coverage, all bids submitted shall be accompanied by a good faith certified or cashier's check drawn upon a duly licensed national or state bank or by a bid bond with corporate surety in the amount of 10 percent of the amount bid or estimated determined dollar amount to guarantee acceptance of the contract, if awarded. If the successful bidder fails to execute the contract in timely fashion or fails to furnish a separate performance bond, if necessary, the good faith deposit by certified or cashier's check or bid bond shall be forfeited to the County of Erie as liquidated damages.

9. In the case of contracts which involve only the sale or rental of materials, supplies, furnishings, equipment, or other personal property, and not with the performance of services by independent contractors, the good faith deposit (or bid bond) also shall constitute a performance guarantee and shall be held for the benefit of the County of Erie until the contract has been completed. With respect to such contracts, in the event that a bid bond has been submitted in lieu of a good faith certified or cashier's check, said bid bond shall be replaced with corporate surety, or by a good faith certified or cashier's check, in the amount of 10 percent of the contract price. In the case of contracts which involve the performance of services by independent contractors, the successful bidder shall be required to furnish at the time of execution of the contract a second bond guaranteeing performance of the contract with corporate surety in the full amount of the contract. In the case of contracts which involve the purchase of insurance coverage, no performance bond or guarantee shall be required.

10. Each bid submitted shall contain a signed statement by the bidder verifying that it was prepared independently and without collusion with any other bidder.

11. The amount or price of the contract awarded under this formal bid procedure shall be the entire amount which the County of Erie pays to the successful bidder for the goods or services advertised for bids and supplied by the successful bidder.

12. All contracts must be executed by the County of Erie and the successful bidder within thirty (30) days from the date of awarding the contract.

13. All contracts shall be filed with the Director of Finance immediately after being executed.

14. Contracts for the purchase or rental of materials, supplies, furnishings, equipment, or other personal property, insurance coverage, and services by independent contractors involving an expenditure in excess of Ten Thousand (\$10,000) Dollars for which the foregoing formal competitive bid procedure is not required are as follows:

(a) Professional services are defined to pertain only to the medical or legal profession and certified public accountants. All others must comply with the bidding procedures as set forth in the Administrative Code of the County of Erie.

(b) Those involving emergency purchases which are subject to the emergency competitive bid procedure set forth in Section 5 below, upon a showing that such purchases are required for the health, safety, and welfare of the people or for the protection of property, and that there is a present, immediate, and existing emergency which reasonably could not be foreseen.

15. With respect to contracts for the purchase of insurance coverage which are subject to this formal competitive bid procedure, the frequency of bidding shall be at the discretion of the County Executive, based on market conditions, claim experience, and other relevant factors; provided, however, that such contracts for the purchase of insurance coverage must be bid at least every three (3) years. During the term of a contract for the purchase of insurance coverage, the County Executive shall have the discretion to increase or decrease any type of existing coverage; provided, however, that the cost of such increase or decrease shall be at the unit value per type of coverage upon which the bid was awarded.

E. Emergency Competitive Bid Procedure

1. In the event that the emergency purchase or rental of materials, supplies, furnishings, equipment, or other personal property, insurance coverage, and services by independent contractors, where the amount thereof exceeds the sum of Ten Thousand (\$10,000) Dollars, is required for the health, safety, and welfare of the people

or for the protection of property, and that there is a present, immediate, and existing emergency which could not reasonably be foreseen, this emergency competitive bid procedure shall be used in lieu of the formal competitive bid procedure set forth in Section D above.

2. In order to invoke the emergency competitive bid procedure, the County Executive or his or her designee shall set forth in writing the nature of the emergency, the reasons why the purchase or rental is required for the health, safety, and welfare of the people or for the protection of property, and a statement that there is a present, immediate, and existing emergency which could not reasonably be foreseen. This writing shall be filed in the Office of the County Purchasing Agent.

3. Upon the required showing of an emergency, the County Executive or his or her designee shall solicit bids by telephone or by some other expedient means of communication from as many known suppliers of the materials, supplies, furnishings, equipment, or other personal property, and insurance coverage or from as many known independent contractors as is practical under the circumstances of the emergency.

4. The County Executive or his or her designee may accept oral bids for the necessary materials, supplies, furnishings, equipment, or other personal property, insurance coverage, and services by independent contractors and shall award the contract to the lowest responsible bidder meeting specifications. Such award, however, shall not be effective until the successful bidder submits a signed, written memorandum to the County Purchasing Agent, confirming his or her oral bid. A written contract, between the successful bidder and the County of Erie, shall be executed as soon as practical. The written memorandum shall be filed in the Office of the County Purchasing Agent, and the written contract shall be filed in the Office of the Director of Finance. The County of Erie, however, shall have the right to reject any and all bids and to waive defects in form with respect to such contracts.

5. The County Executive or his or her designee shall keep a record of all contracts with suppliers and independent contractors from whom bids were solicited for emergency purchases setting forth the persons contacted, the dates of contact, the persons submitting bids, the amount of each bid, and the awards made thereon. This record shall be filed in the Office of the County Purchasing Agent.

6. In addition to the foregoing emergency competitive bid procedure, the following provisions of the formal competitive bid procedure also shall apply: Section D(3) dealing with the solicitation of bids; Section D(7) dealing with a writing setting forth the reasons for an award to a bidder who did not submit the lowest bid or in the event that all bids are rejected; Section D(8) dealing with low tie bids; and Section D(12) dealing with the amount to be paid to the successful bidder.

F. State Purchase Contracts

1. In the event that the County of Erie desires to participate in or purchase from purchase contracts for materials, supplies, and equipment entered into by the Commonwealth of Pennsylvania, the County Council shall pass an appropriate ordinance requesting that the County be authorized to participate in such purchase contracts and agreeing that the County will be bound by such terms and conditions as the Commonwealth may prescribe and that the County will be responsible for payment directly to the vendor under each purchase contract.

2. In the event that the County of Erie has been approved by the Commonwealth of Pennsylvania to participate in or purchase from purchase contracts for materials, supplies, and equipment entered into by the Commonwealth, the County Executive or his or her designee shall determine whether the lowest responsible bid, meeting specifications after advertising for bids, is lower than the purchase price for the same materials, supplies, and equipment under State purchase contracts.

3. The County Executive or his or her designee may purchase the materials, supplies, or equipment from the vendor under a State purchase contract only if:

(a) The State purchase contract price is less than the lowest responsible bid meeting specifications after advertising;

(b) The materials, supplies, or equipment which are subject to the State purchase contract meet the specifications set forth by the County Purchasing Agent in soliciting for bids; and

(c) The County Executive or his or her designee feels that a purchase from the State purchase contract would be in the best interest of the County of Erie after considering all relevant factors such as price, delivery dates, service, and maintenance, and the place of business of the vendor.

4. In the event that the County Executive or his or her designee rejects all bids solicited by advertising and purchases materials, supplies, or equipment from a vendor under a State purchase contract, the County Executive or his or her designee shall set forth in writing the reasons for such action at the time that all bids are rejected. This writing shall be filed in the Office of the County Purchasing Agent.

G. Quotation Procedure

1. All contracts for the purchase or rental of materials, supplies, furnishings, equipment, or other personal property, insurance coverage, and services by independent contractors, where the amount thereof is Ten Thousand (\$10,000) Dollars or less, may be awarded without advertising for bids, but in such cases where the amount exceeds Five Thousand (\$5,000) Dollars, the County Purchasing Agent shall receive at least three quotations. The County Purchasing Agent may treat a “no bid” as a quotation only if he or she has made a good faith effort to contract all known suppliers of the particular goods or services located within the County of Erie.

2. The County Purchasing Agent may use his or her discretion to negotiate with proposed suppliers in order to get the lowest quotations for the goods and services to be purchased or rented.

3. The County Purchasing Agent shall keep a record of all quotations received, setting forth the dates thereof, the persons who submitted the quotations, and the awards made thereon.

4. All Purchase Orders and Acknowledgments, if any, evidencing the purchase or rental of such goods and services shall be filed in the Office of the Director of Finance.

H. Request for Proposal Procedure

1. In a case where the County desires to contract for professional services (such as legal services, architects, accountants, engineers, mass reappraisal, or other services which depend in large part on the professional expertise and training of the individual or company to be retained, or consultants with regard to any of these services), the County may, at its option, request proposals for such services using the following procedures:

2. Pre-Qualification Procedures

(a) The director of purchasing will pre-qualify persons or companies from whom proposals will be accepted. The director of purchasing shall publish a list of qualifications to be required for any person or company wishing to submit proposals, and shall specify the time and place where pre-qualification matters shall be submitted.

(b) The list of qualifications shall be drafted in such a manner as to allow any reasonably well qualified individual or company to qualify to submit proposals; shall not be drafted so as to favor any particular company or individual; and shall, to the

extent possible, set forth objective standards which are to be met by all companies or individuals seeking qualification.

(c) If, in response to a pre-qualification request, only one person or company shall meet the standards set forth, the director of purchasing may redraft the pre-qualification standards and seek re-submission of pre-qualifying information from individuals or companies.

3. A pre-proposal conference will be conducted by the director of purchasing at a time prior to the publication of proposal specifications. When the pre-proposal conference is scheduled, notice of the same shall be published in a newspaper of general circulation, as well as in any trade publications or elsewhere which, in the discretion of the director of purchasing, is likely to be seen by persons or companies qualified to submit proposals. Persons or companies who express a desire to attend the conference shall be provided with a copy of the draft proposal specifications in advance of the conference, and shall be allowed to comment on the specifications at the conference.

4. Proposal Procedures

(a) Upon completion of the pre-qualification conference, the director of purchasing shall publish proposal specifications describing in sufficient detail the nature of the project or assignment to be contracted. The specifications shall take into proper account any comments received at the pre-proposal conference, if any; shall not be drafted so as to favor any particular company or individual; and shall, to the extent possible, set forth objective standards which are to be met by all proposals.

(b) Notice of the availability of proposal specifications shall be published as a legal advertisement in a newspaper of general circulation, as well as in any trade publications or elsewhere which, in the discretion of the director of purchasing, is likely to be seen by persons or companies qualified to submit proposals. The advertisement shall generally describe the nature of the proposals sought; shall provide information as to where a complete set of the proposal specifications can be obtained; and shall state the date and time, not less than 30 days after the date of the official publication in a newspaper of general circulation, on which the proposals are to be received and opened.

(c) All proposals shall be received at the office of the County Controller at the time and date specified.

(d) The Controller shall publicly open the proposals and inspect them to determine if they contain the necessary proposal forms, bonds, or other documents required by the proposal specifications, but shall not publicly announce the amount of the proposal.

5. Selection of Vendor

(a) After the proposals are opened and verified to contain the proper forms, bonds, and other documents, they shall be referred to the director of purchasing and the department head for which the proposals were solicited.

(b) The director of purchasing and the department head and any ad hoc committee established for such purpose shall thereafter evaluate the proposals received. In determining which proposal to accept, the director and department head shall take into consideration the following factors:

- (i) the cost of the proposal;
- (ii) the expertise and experience of the person or company submitting the proposal;
- (iii) the completeness and quality of the proposal;
- (iv) the degree to which the proposal adheres to the project specifications; and
- (v) any innovative solutions contained within the proposal.

(c) The director of purchasing and the department head may meet with any or all of the vendors submitting proposals to clarify the terms of their proposal, or to negotiate different or less expensive alternatives. In so doing, the director of purchasing and the department head shall not disclose to any vendor proprietary information contained in the proposal of another vendor.

(d) The director of purchasing and the department head shall select the person or company whose proposal provides the best value to the County. The term "best value" shall mean the lowest expected cost to the County over the period of time which the services or project being contracted for is reasonably expected to last.

I. Pre-Bid Conference

1. Any contract for the purchase or rental of materials, supplies, furnishings, equipment, or other personal property, insurance coverage, and services by independent contractors, where the amount thereof exceeds the sum of Ten Thousand (\$10,000) Dollars, may be subject to a pre-bid conference. Attendance at a pre-bid conference may be deemed mandatory by the County in order to bid. This is done to ensure that vendors understand the scope of the work to be performed.

2. The County Purchasing Agent shall be responsible for maintaining a list of names and addresses of all known potential bidders who shall be invited to attend a pre-bid conference by mailed notice or public advertisement.

3. The County Purchasing Agent shall preside over the pre-bid conference at which time he or she shall present the bid specifications to the potential bidders for their review, questions, and comments.

4. Following the pre-bid conference, the County Purchasing Agent may review the pre-bid conference proceeding with the County department, office, board, commission, agency, or court-related department requesting the purchase or rental of the goods or services and may modify the bid specifications in the best interest of the County of Erie to arrive at final bid specifications to be advertised for bids.

J. Evasion of Advertising Requirements

1. The County Executive, the County Purchasing Agent, and any County officer, agent, or employee who submits a requisition for the purchasing or rental of materials, supplies, furnishings, equipment, or other personal property, insurance coverage, or services by independent contractors, shall not willfully evade the competitive bid procedure set forth above by requesting a series of purchases or contracts each for less than the formal advertising price or by making several simultaneous purchases or contracts each below said price, when in either case the transaction involved should have been made as one transaction for one price.

K. Purchasing Ethics

1. Any elected or appointed County official or employee who is directly or indirectly interested in any contract to which the County of Erie is a party shall make known such interest as provided in the Conflict of Interest Provisions of Article VI of this Administrative Code.

3. When any materials, supplies, furnishings, equipment, or other personal property have been declared surplus, the County Purchasing Agent shall divide the property into saleable lots and shall estimate the sale value of each such lot. The notice and advertisement either shall solicit sealed bids or shall announce the time and place for the holding of a public auction. Neither the opening of the sealed bids nor the public auction shall take place until at least ten (10) days after the posting of the notice and the publishing of the advertisement. The lot shall be sold to the highest bidder by sealed bid or auction, but the County of Erie shall have the right to reject any and all bids.

7. In the event that the surplus property is without resale value and should be discarded, General Accounting may dispose of the property, but only after the Controller or his or her designee verifies in writing that the surplus property is without resale value. Copies of this writing shall be filed in the Office of the Controller and in the Office of the General Accounting Manager.

The County Controller shall be responsible for conducting these special audits, and if an independent auditing firm is to be used, the Controller shall use the same procedures set forth in Section C in selecting such firm, unless he deems it necessary to act with secrecy or dispatch, in which case he may select any certified public accounting firm he deems qualified to perform such audit.

G. All agencies which receive funds from or through the County are required to notify the County Council and the County Controller if they are going to have an annual audit performed, and if so, when their audit will occur, and the nature and scope of the audit. County Council or the County Controller may require that the scope of the audit be extended to satisfy whatever audit objectives Council or the Controller may deem necessary. At the completion of the agency audit, the completed report shall be sent to County Council, to the County Controller, and be made available to the public upon request.
