Mr. Pedri,

I appreciate the invitations. The Council positions under Home Rule is set up for only the retired or wealthy elected members to attend events, ribbon cutting ceremonies and other gatherings.

I wish those of us who have work obligations could attend.

It has the appearance we do not care.

I regret not accepting these invitations as an elected Luzerne County Home Rule Council Member.

Mr. Pedri,

According to the Times Leader article on this tragedy, one guard and others are blaming you and Mr. Larson for not taking safety concerns seriously. Please address why an employee would make such a statement if it were not true.

Please provide more information.
Are their written complaints and concerns?

I cannot express in mere words the deep sadness and heartbreak of this tragedy.

I hope all details are truthfully reviewed and revealed.

Would you forward these question to management for answers?

Thank You, Edd Brominski

Each employee can either use the "Clock" or the "Web" to track their time.

Question :

1. What percentage of employees actually use the biometric **time clock system**?
2. What percentage of people enter the time through the **Web** instead of the time clocks ?
3. How much do we pay annually to license and maintain the Kronos Time Clock System.
4. What percentage of county attorneys actually use the biometric time clock system?
